★  "OPPORTUNITY, it has been said, is the word that best summarizes what America means. Perhaps this same word best defines Christian education.

★  OPPORTUNITY -

- as citizens, to establish Christian schools.
- as parents, to have one's children receive a Christ-centered and Biblically-based education.
- as teachers, to integrate the Truth into academic truth.
- as students, to understand knowledge and life from a spiritual viewpoint.
- as alumni, to apply and build one's life on eternal principles.

★  OPPORTUNITY implies the possibility of achievement. It gives the right to try. It does not guarantee success or accomplishment. That always depends upon the individual's response to it.

The future of Christian education, as the future of our nation, depends upon our response to the opportunity presented. Where do we go from here? - The answer to that question is up to us."

David Miller

Mr. David L. Miller has completed his third year as Administrator of BCS. As graduates of Bob Jones University, he and his wife Liz, joined the Staff at Dublin Christian Academy in New Hampshire, as resident teachers for seven years prior to coming to the Osceola area. Their two daughters, Christine and Carrie are enrolled at BCS. They are active members of the First Baptist Church of Mishawaka.

We are grateful for the dignity, wisdom and concern which Mr. Miller has exhibited throughout his tenure at BCS.

★  "Every student given the privilege of studying under Christian teachers has been influenced by principles laid down in the Word of God.

If these principles are applied in his life, he can live above the circumstances of life and be a positive testimony for Jesus Christ.

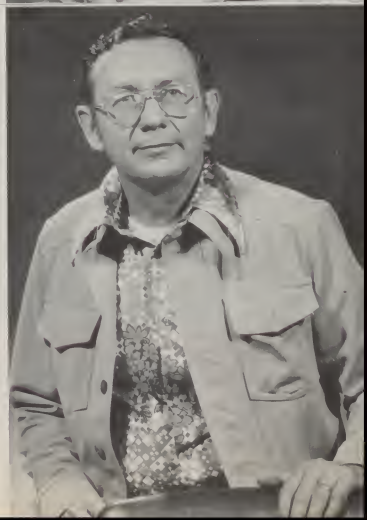

Thus through Christian education, precious lives have been influenced and touched for life."

Edna Sharp

Mr. Sharp, president of Sharp Steel Inc., has been affiliated with BCS for fifteen years with all seven of his children in enrollment.

Mr. Sharp is best known for his warm friendliness and ready testimony for his love for Jesus Christ.

Where do we go from here?

Everywhere we look we see evidence of our nation's 200th Anniversary. Generally speaking we can be quite proud of what our nation has been and what it still is. We can today still worship as we want, speak what we want, go where we want and do what we want.

We speak of the United States as a "free" country. How did we become free? We became free because over 200 years ago some men and women decided that they would start a new life in a place where they were free. They counted it important enough that they gave their own life's blood to secure that freedom. Our founding fathers knew that that freedom could only be established in a country that, in the words of our Pledge of Allegiance, was "under God."

It all started with the Declaration of Independence in 1776 and now here we are 200 years later still free and writing about it in The Lamp. Many names and places run thru our minds as we reflect on our history. There is George Washington, of course, and Ben Franklin and Thomas Jefferson, Eli Whitney, Daniel Boone, Davie Crockett, Abraham Lincoln, Alexander Bell, the Wright brothers, Henry Ford, Babe Ruth, John F. Kennedy, Muhammad Ali, Neil Armstrong and many others. We also remember the Alamo, the Pony Express, the Spirit of St. Louis, the Charleston, the Gipper, etc. The list of people places and things is endless and our heritage is full of beauty, sorrow, joy, peace, war, fear, pride and all that makes us what we are today.

Being a Christian School we think of our heritage also. In the past 20 years we have struggled, hoped, laughed, prayed, cried, and rejoiced. We do not exist merely for the betterment of people and society but for our Lord and Savior, Jesus Christ. We are not only "under God" but also "of God." BCS is successful in that it teaches Truth. We firmly believe that Jesus is the Way, the Truth and the Life.

We enjoy, as Americans, our civil liberties and freedoms. We enjoy, as Christians, the ultimate freedom. We are freed from the power of sin and freed from eternal damnation. Our freedom has also been bought with a price. Jesus spilled his blood to redeem and set us free, free in this life and free in the next.

(continued on next page)

Yet, as a nation and as individuals, we are now compelled to evaluate our present standing compared to the goals our forefathers won for us with their martyrdoms. The Lamp staff presents a mini-time capsule of our life as it is in 1976.

Gerald Ford came from obscurity into the spotlight when he was appointed by President Richard Nixon to be Vice-President following Spiro Agnew's resignation. From there he went to the highest office in our our land when he became Presi-

1976 is an election year. We watch Nelson Rockefeller with anticipation. The Rockefeller family wealth monopolizes assets in not only the United States but throughout the world through the Chase Manhattan Bank and its 28 foreign branches. "WE shall go DIRECTLY to the source of the problem. A breakdown in our ability to love. I tried for years to really LOVE my wife Treena and our children; but I failed. It was then that JESUS entered our lives and all of a sudden I could love them all - and the man next door and the man who owed me money and the men who struck out at my Saviour. Jesus does help us to love one another and love is the world's greatest force for good. So "where to go?" The only answer for me is to go to Jesus asking to be filled to overflowing with the Holy Spirit so that we may know what God's love is all about."

The Apostle Paul summed up the purpose of the Christian life when he said 'For to me to live is Christ...' (Phil. 1:21) Christ is the Pattern. Our lives are to be molded in the image of His perfection. The Christian teacher, then, has a twofold responsibility: to be a visible, representative Christ-like pattern in his or her own life, and to challenge and direct the student in becoming one also. In terms of educational objectives, that direction has four aspects.

Spiritually, the objective is to lead each student into a personal salvation experience with Christ and to encourage a daily growth in the fruit of the Spirit that will lead to total submission to the authority of God's Word and personal responsibility to Him.

Academically, the objective is to integrate all learning experiences with the principles of the Holy Bible and to challenge each student to his individual capacity in meeting high academic standards and building a solid academic foundation for life. (continued on next page)

Physically, the objective is to emphasize the development and treatment of the body as the temple of the Holy Spirit and the maintenance of a positive outward appearance.

Socially, the objective is to bring about an understanding of the worth of the individual, an awareness of one's responsibility and loyalty to the home, church, school and nation, and an appreciation of that which is of cultural excellence.

The fulfillment of these objectives would also be the fulfillment of II Timothy 2:1, '...The same commit thou to faithful men, who shall be able to teach others also.' Patterns reproducing patterns in the image of the Master.

LIAISON

THE

The School Board consists of Jack Hiler, Chairman of the Board; Glen Sharp and Jim Stroup. Seated are Pastor Ward Miller, Jerry Munger, Pastor Gordon Bracker and Russ Dunlap.

AMERICA in its 200th year is looking back at where it has been. The founding fathers of our country sought to build a foundation upon which the individual could experience freedom within the boundaries that God has established in His Word. In the midst of America's Bicentennial celebration we hear the question asked, 'What do we do now?'

BRETHREN CHRISTIAN SCHOOLS is in its 20th year. We too, look back at where we have been. America has drifted from its foundation. What about BCS? What were the original goals? Have they been accomplished? Which is more important — spiritual maturity or academic achievement? Where are we going from here?

What were the original goals? BCS was established to supplement the Christian home and the church. Just as the home and the church provide an atmosphere in which a child can mature, so too, the Christian school supplies an environment for the proper growth of a child. This maturing incorporates both a spiritual and an academic realm of learning.

Have the goals been accomplished? This year a questionnaire was sent to the alumni of BCS to find what their evaluation was of the education they received at BCS. There were many questions and a diversity of answers but one item stood out above all others. In answer to the question, 'What is your goal in life . . .', 78 percent said, 'To do the will of God.' This is significant because it is tangible proof that the goals of the school are being met.

Which is more important - spiritual maturity or academic achievement? It may be noted that PATTY HEARST was an 'A' student but lacked a sense of life values or a standard to live by. The Apostle Paul said that the wisdom of men is foolishness to God. Academic excellence is of no value unless it is built on a firm spiritual foundation. A student that has a set of LIFE VALUES based on God's Word can face life with confidence in God's will and an assurance that academic achievement will be a supplement to their life in Christ. BCS is interested in the total maturity of each student and this starts with a spiritual emphasis with academics a close second.

Where do we go from here? Each month the School Board meets to prayerfully consider its responsibility to the students, the faculty, the staff and most of all to God. These men are not an end in themselves but merely THE LIAISON through which God directs the school. To meet the needs of education at BCS in the '76-'77 school year the school is facing a \$55,000 deficit. Where do we go? This depends not on the Board but upon Christian parents. If Christian parents sense the need for a Christian education for their children God will meet the needs of the school. If Christian parents do not realize this need, there is no further use for BCS. Where we go from here depends on the commitment of Christians to Christian education.

parent teacher fellowship

f

t

p

In 1966 the Parent Teacher Fellowship began. Its main purposes now, as then, are to bring about a closer fellowship and communication among parents, teachers and the administration, and to raise money to purchase items needed in various aspects of the school program. It was also created to give parents a better understanding of the educational opportunity to become involved in practical ways in the school and for recreational use of our gym.

In the past ten years we feel that the PTF program has come a long way in fulfilling the goals they had in mind when it was first organized. PTF meets once a month and has a variety of programs which help them get more acquainted with each other, the school, its functions, and the administration. PTF begins each year with a fellowship dinner which enables parents and teachers to get acquainted. Then it progresses through the year with Open House, films, areas such as: Music, Science, Athletics, Home Ec., etc.

We as students of BCS would like to express our appreciation to PTF for the contributions they have

made for the growth of our school through time and effort spent in volunteer work at the concessions for games, in the school library, and at fund raising projects such as the Chicken Bar B-Q, and the Fish Fry. Among these many contributions are the gym scoreboard for the athletic department, a laminating machine

for teachers, a Kodak slide projector for promotion, a Mirascreen slide viewer for promotion, two sewing machines for Home Ec., an electronic calculator for the Business Office, a duplicator for teachers, and future microscopes, etc. This represents more than \$2000.

In future years we anticipate more participation in this area to help make a bigger and better PTF.

The 1976 officers pictured above are: Ralph Doud, Treasurer; Arloine Ernest, Secretary; Bob Reese, Vice-President and Mel Gaugler, President.

The bus drivers at B.C.S. are serving the Lord in a way which people rarely think about. They are not here because they need the money but because they feel it is one way they can help the school and serve the Lord.

Their routes average forty-five miles per trip. The morning round begins at 6:30 A.M. and is repeated at 3:00 p.m., taking an average of one and a quarter hours to complete their work.

We are truly grateful for the dedication and great jobs our bus drivers have done in getting the students to school and back home safely.

Arbor Day

Arbor Day began in Nebraska. R. Sterling Morton, a newspaper publisher, realized that trees would enrich the soil and conserve moisture. Through his patient efforts, April 10, 1872 was set aside as Nebraska's first Arbor Day. The state government offered prizes to the groups and individuals who planted the most trees. On that first day, the people of Nebraska planted more than a million trees.

Other states recognized the value of tree planting and began celebrating Arbor Day.

This year at BCS, the Elementary school celebrated their first Arbor Day on April 9.

The program was co-ordinated by Mrs. Phillips and consisted of singing by the third and fourth graders, the story of Arbor Day read by Jonathan Damon and a dialogue acted out by Brian Weiss and Tim Yocum. Conrad Calvin and Jon Knapp planted the Tulip tree. In these next few years take note of our tree the next time you drive by.

'And he shall be like a tree planted by the rivers of water, that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper.'

WE ARE ONE IN THE SPIRIT

A heart retains its original attitudes and motivations in spite of advanced academics, government give-aways, social reforms, environmental changes or self-imposed asceticism. Only God can change these attitudes and motivations.

Christian education is one of the tools God uses in this remolding of the heart. Sometimes He sends His children many miles from home to accomplish this purpose.

BCS has enjoyed the reciprocal advantages of a number of cultures represented in its enrollment. There have been students from Navajo and Apache missions in New Mexico, of Korean descent and students born to missionary parents in Africa and New Zealand.

It is a traumatic experience to be uprooted from home and placed in a totally strange environment. Yet, even for shy people, the feeling of a oneness of Spirit merges the diversified cultures into a part of the Body of Christ.

LEFT: Laura Castillo's first impression of BCS was, 'I never saw so many white people in one place at the same time.'

RIGHT: Marilou Begay is the third member of her family to attend high school at BCS.

Marie Thomas, a senior from New Mexico, is a talented seamstress. Marie's mother keeps her well supplied with beautiful turquoise and silver jewelry which she designs and handcrafts herself.

Marcy Ringos retains a part of her Korean heritage with her loveable dolls.

Attack from both sides - Tom Peterson style. Jill Schrock and Rachelle Gronning enjoy their lunch.

Seniors Dave Stroup and Dana Monroe are caught in a serious moment.

The annual Homecoming Banquet was held on December 20 at the school gymnasium. Every graduating class was represented as well as a good group of students. The program consisted of a good meal, some humorous skits and the crowning of the Queen. Pastor Ward Miller of the Bethel Brethren Church was the featured speaker.

Gas Pains / Jr-Sr Banquet

The big day was April 24, the place was the Das Dutchman Essenhaus in Middlebury. A delicious banquet was served amid the beautiful antique decor. A series of slides presented the graduating seniors to the audience and a small trophy was awarded to every graduate for a special accomplishment they will always be remembered for.

Ken James nods his approval at the slide presentation.

Prim and pretty Juniors Beth Gaugler and Connie Risser wonder who will receive the next trophy.

M.C. Dave Miller seats himself after introducing Mr. Robin Wright, the guest speaker for the banquet.

It's difficult for a basketball star like Paul Lashmit to be enthusiastic about an off-court activity.

The Michiana Christian Athletic Conference met at Coldwater High School in Coldwater, Michigan. BCS worked hard for their first place trophy.

Participating for the boys' team were: Galen Ernest, Jack Minder, Mike Shearer, Bob Coon, Steve Hartman, Mark Claeys, Chris Wedertz and Daryl Ernest who won a blue ribbon in the broad jump event.

Christy and Cheryl Claeys, Kathy Weiss, Nancy Mihojevich and Kim Brownfield, who won blue ribbons in the high jump and the 220 yard dash, represented the girls.

The senior class exercised their traditional senior trip this year by visiting St. Louis. As class sponsors, Mr. Miller and Mrs. Hoover accompanied the class as they toured such places as the Gateway Arch, the McDonnell/Douglas Corp., Grant's Farm, Meramac Caverns, Shaw's Botanical Gardens and several other places of interest. As is the wont of seniors, the week was full of such things as pizza, coke, horseplay and Willard the mouse. There was also bowling almost every night and enough outdoor recreation to send Kim Sharp home with a bruised head and a twisted ankle. Whether one qualifies the trip as a vacation, an education, or both, it was the kind of time that implants memories of high school years in each senior's thoughts as they anticipate graduation.

LAETRILE

THE ANSWER TO CANCER?

CONSIDER THESE FACTS...

***Oklahoma federal judge awarded Glen Rutherford a six month supply of Laetrile when he sued the government for denying him the vitamin he believes has controlled his cancer for four years after conventional cancer treatments failed.

***John Pursley could not speak because of cancerous growths on his vocal cords proven by biopsy. He tried the non-toxic Laetrile program FIRST, and the cancer disappeared. He is able to speak in a normal voice.

***Dave Edmonds had a colostomy when cancer blocked his bowels, and conventional cancer treatments failed to stop the cancer from spreading. After six months on Laetrile, an exploratory operation showed no signs of remaining cancer. A reverse colostomy was performed so now his bowels move normally.

***Thousands of other cancer patients including some in Michiana have had similar results when they turned to the Laetrile program.

***YET DESPITE THIS EVIDENCE THE FEDERAL GOVERNMENT REFUSES TO LET CANCER PATIENTS OBTAIN NON-TOXIC LAETRILE IN THIS COUNTRY LEGALLY. THEY ARE FORCED TO SMUGGLE IT INTO THIS COUNTRY OR BUY IT ON THE BLACK MARKET.

Dear Senior Class of 1977,

Please consider this your personal invitation to come in and talk to us about your senior portraits. At this very important time in your life, we know that your portraits must portray you at your very best and be of the finest quality. They are a lasting record of personality & expressions, to be cherished forever. Your parents, your friends, and your school deserve the very best. Call us or drop in as soon as possible for your appointment.

Because of the size of your class this year, your yearbook staff faces a difficult situation concerning senior portraits. Some were omitted from the 1976 book because some seniors waited too long. In order to avoid this situation, we are asking you to begin now to set up appointments. Absolutely no portraits taken after September 30, 1976 can be guaranteed to be delivered to the school in time for the yearbook; but all seniors having their portraits taken by the 30th will have a glossy portrait for the yearbook delivered to the school.

Our portraits are new and exciting. We not only include the traditional poses but we will make a wide selection of outdoor settings (trees, fences, and barn siding.) Three-quarter length poses will also be for your consideration. We are asked many times, what should I wear? We suggest the girls wear either a blouse, dress, or sweater freshly pressed or dry cleaned to eliminate wrinkles. Boys should wear a dress shirt, freshly pressed, and a tie; a solid color suit or sport jacket is best. Solid earth colors photograph best and are the most pleasing. Feel free to bring a change of clothing. You may change halfway through the sitting if you wish. Don't experiment with new hair styles on this very important occasion. Above all don't worry about your portrait sitting; that is our responsibility.

I want someone to talk with. I miss my friends. They're all away, busy. I'm left behind. I miss them. I have money and most anything I could want. But not my friends. What are they doing? Will I ever see them again? Are they still the people they use to be? Will I still be as close to them as I use to be? I'm afraid to find out. Do I still have any friends?

FRIENDS - take care of them
